7th March 2016

Our Biggest and Busiest Year Yet!

Please visit our Website to see these events

A quick word from us...

The TTLA has worked hard to bring you a range of events both locally and nationally.

As a special focus we are privileged to run the New Zealand Literacy Association Conference. This is an event that comes around only once every 10 Years!

Please look the information below. Please consider whether your school would benefit from being part of this.

We still will be running a range of term by term events so please use this as an opportunity to keep up with what we are doing.

We hope you can support us this year as we continue to keep Literacy an important area in which PD is available for you!

Regards,
The TTLA Committee
