Using Growth Mindset and Mindfulness to impact on literacy progress

5.30pm - depart

WHERE

Ross Intermediate - Bilingual Unit

25 Freyberg Street

Palmerston North

FEATURING

Jacqueline Frost, My Journey: Using Growth Mindset and Mindfulness to impact on literacy

This workshop is based on what I have done to introduce Growth Mindset and Mindfulness into a junior class in a successful and productive way. The progress in learners' literacy development and the impact on learner agency will be discussed. The resources I have used, the challenges I have faced and the successes I have seen. What worked, what bombed and the lessons that I have learnt along the way. Based on real-life, in a real classroom, with real kids!

Jacqui is a teacher at Tokomaru School who is passionate about instilling Growth Mindset and Learner Agency in students.

PRIMARY TEACHERS EVENT

ENTRY

Gold Coin Donation

OUTCOME

You will leave with:

- A deeper understanding of how the bilingual unit operates
- Steps taken, resources used and ideas shared to enrich your understanding of growth mindset and learner agency
