

What 'genre' of books, do you enjoy?

Some school libraries are using the 'genre' of books to help them organise their collections... this is termed 'genrefication'

- What is 'genre'?
- Do all students in your school understand what genre is?
- Can you find books in your library that you love to read?
- Do you want to find more?
Or...
- Do you want to be more adventurous?

Come along to our Libraries Alive 2023 event with your Yr 5-8 student librarians & explore 'genre- then go back to your school with games, activities & ideas.
