

MOVEMENT IN LITERACY

18 March

Our aim for the time is for the teachers to leave with ideas on how they can incorporate movement into their literacy lessons - not as extra but as a natural add-on.

There will be hands-on exercises, ideas shared and the opportunity for the teachers to get creative and come up with their ideas using picture books. They will come away with a compilation of ideas that can be used in their classrooms.

Presented by
Kathy Menzies
University of Canterbury
& Sam Tracey
Sport Northland.
